MEETING REPORT

Team Name: _CRM404   Date of Meeting: 04/04/2017

Start Time: 9:30 End Time: 11:30   Meeting Location: Lab 2, Epoka University

Moderator: Lerida Shkrepa   Recorder: Adela Kadiasi

Other Members Present: Ilda Palla
Eni Ndoj

Members Absent: Erjona Bregu

Topics Discussed:

-After deciding about the idea of the projects, a schematic picture called mock up should be done during the preceding week. This mock up should give a clear picture about the way the software will be structured.
 -The programming language and framework that will be used by our developers.

Decisions Made:

The programming language that will be used is Php, Javascript, Html and Css. And about the framework we decided to use Symphony. Adela and Lerida will learn the Symphony and take care of installations, while Eni, Ilda and Jona will try to improve their programming skills by using tutorials.

Tasks Assigned:

About the schema Adela will work individually to build it and Lerida and Eni will design it as showed in the class.
All the girls will be responsible to start learning or improving their programming skills and will be introduced with the framework.
Another meeting will be organized during the week outside the facilities of our university in order to include all the members of the group in the project.
Girls will make researches to find what features are needed in a CRM software, and which are more important to be used in our case so the business can find a solution in our software about their problems with customers, workers and inventory.

Time, Place, and Agenda for Next Meeting:

The next meeting will be organized after one week, on the 11th of April in the facilities of Epoka University.
